

nüvi® First Time User Guide

1) Map Setting:

a) (For nüvi®205/W, 765, 1250, 1350,1460 and older) Go to 'Tools' → 'Settings' → 'Maps' → 'Map Info'
(For nüvi®2465, 2565, 2575R, 3790/V) Go to 'Tools' → 'Settings' → 'MyMaps'

b) Make sure only **ONE** map is ticked. ('Malfreemaps' is recommended when using the nüvi® in Malaysia)

2) Search for Address

a) Go to 'Where To' → 'Address' → 'Search All' → Select 'Done' for House Number (This feature is not fully implemented in Malaysia yet) → Key in the street name of destination (e.g. For 'Jalan Jejaka 2', key in 'Jejaka 2' without the word 'Jalan'.)

**Steps might differ depending on model*

3) Search for Point of Interest (POI):

a) Go to 'Where To' → 'Point of Interest' → 'Spell Name' → Key in the name of Point of Interest (e.g. For 'Digital Mall', key in 'Digital Mall', or for KLCC, key in K.L.C.C.)

Note: For Point of Interest (POI)s with abbreviations in their names, kindly key in the name with **dots (.)** separating the abbreviation.

**Steps might differ depending on model*
